PURE BLOOD INSURES A CLEAR SKIN

When Eczema, Acne, Tetter, Pimples, or other skin diseases make their appearance it is a sure sign that the blood is filled with humors and burning acids. These being forced through the pores and glands burn and blister the skin, producing the eruptions which are usually accompanied with intense itching, and are disfiguring and humiliating.

Years ago my blood was bad, as evidenced by skin eruptions on different parts of the body, and other symptoms, so I concluded to try S. S. S., knowing it to be highly spoken of. After using a number of bottles—do not remember now just how much—my blood was thoroughly purified and enriched and I was relieved of all eruptions and manifestations of impure blood. I believe S. S. S. to be an excellent blood medicine, and any one in need of such a medicine would do well to use it. They will find it a perfect cure as it proved to be in my case.

MRS. C. E. SHOEMAKER, Alliance, O., 516 E. Patterson St.

While external treatment relieves temporarily it does not reach the real cause of the disease, because it does not go into the blood. S. S. S., a perfect blood purifier, neutralizes these acids and humors, and by strengthening and toning up the Liver, Kidneys and Bowels, the natural channels of bodily waste, disposes of them instead of allowing them to be forced to the surface through the skin. S. S. S. is the greatest of all tonics for building up the entire system, increasing the appetite and helping the digestion.

S. S. S. cures all skin diseases promptly and permanently, leaving the skin soft and smooth. Only by keeping the blood pure can we hope to have a clear skin. Book on Skin Diseases and any medical advice you may wish free of charge.

Fear of Undermining Buildings.

Chicago, August 21.—Practically all construction work on all the underground of the Illinois Central was stopped Friday by the order of Mayor Dunne and no work will be permitted to go on until the company devises some method of constructing its connections by passes and new drifts to prevent the danger of the sinking of buildings and the settling of the streets. This action was taken after the report of the special committee of experts which investigated the tunnels was considered and it was deemed necessary to take some immediate steps to protect the office buildings and street from the results of its undermining.

Disabled Ship Arrives in Port.

New York, August 21.—The French line steamer LaSavole came into port today partially disabled, one of her engines, having gone out of commission on Thursday. The steamer had little trouble in working along under a single engine until the narrow channel leading up to the city was reached, when she received assistance. A tug boat which had been asked for by wireless telegraph, helped the big liner into the harbor and she came up to her dock without accident. An examination of the engine disclosed the fact that the intermediate shaft was broken.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide. Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect." Sold by leading druggists. Send 50c. in stamps for sample to The Herpicide Co., Detroit, Mich.
